Dear Parent/Carer,

Re: After School Care Expression of Interest

I am writing to ascertain whether parents are interested in after school provision for their children.

The after school provision would mean that children (from Year 1 to Year 6 inclusive) are cared for on school premises from 3.30pm – 5.30pm inclusive. Children would have access to a range of activities and be offered a healthy snack.

Charges for this service would be £4.00 per hour and parents could book in for 1 or 2 hours every day.

Yours sincerely,

Mrs F. Dean
Head of School

Expression of interest in after school care

Name of child

Year group:

I would be interested in the school offering and after school club. Please tick one of the two options.

3.30 - 4.30pm 1 hour = £4 per session (includes a drink and a healthy snack)

4.30 - 5.30pm 2 hours = £8 per session (includes a drink and a healthy snack)

Please add any comments

This would be a chargeable service. No concessions would be available.

Please note that the school is only exploring if there is demand for such a club. A club will only be set up if there are enough children interested to make it sustainable. The school would run the club using playworkers or support staff, but would not seek to make a profit.
